DOCKTALK

A monthly newsletter written and published by the SSC club members.
All stories and events must be related to sailing or the SSC.

SUBMISSIONS

DEADLINE THE 20TH OF EACH MONTH!

All articles and ad can be submitted earlier than the 20th!

If you have an event that will be taking place between the 20 and the 25th and would like to reserve space, please contact the editor asap.

Articles, Classified and Event Ads: Can be e-mailed to docktalk@stocktonsc.org. Please write your articles in Microsoft Word and send them as an attachment and/or paste the information into the body of the e-mail. All classifieds need to have a price and all articles and stories need to be signed. The Editor reserves the right to edit or not print anything submitted.

Digital Photos: Are preferred. Please save them as a medium to high resolution for the best looking images. They may be left on a zip or floppy disk in the Editor's box in the SSC club house. You may also e-mail stuffed or zip images. *Please do not send several photos in one e-mail; download time can be a nightmare. I would rather receive 10 e-mails than have the machine crash!* Also, please identify the place, event and/or person(s) in the photos.

Traditional Photos: May be left in the Editor's box. Again, please identify the place, event and/or person(s) in the photos.

If you wish to have your photos or disks returned, please make sure your name and phone number are on them.

Commodore's Comments

February!

As part of this transition from the 2002 to the 2003 Board, I have attended a fair number of committee meetings. The purpose was to get to know the individual committee members better and to deliver a mission statement from the Board. That statement is simple..." Please deliver to the Board of Directors that information required to make fair and just decisions". If the Board had to research every pro or con, every nuance of each project or repair or cost to the club, we would never accomplish anything of value. Fortunately, we have a wonderful group of volunteers providing just that service to the Board and the Club. If you are serving, thank you! If you are not, on occasion, please thank those who are. We need the assistance of these committees to keep this wonderful club fun, safe and in good repair.

The most significant Board action at the January meeting was the appointment of Jim Hachman as Vice Commodore and Bonnie Lopez as Rear Commodore. This action was necessary because of the untimely death of Lyle Werner last year.

We have had a change in General Meeting nights. We will return to the date used for many years of the Friday following the Board meeting. By doing this, we will be reporting current news to the membership and have much more time to react to member input.

If you haven't done so, please attend a Friday dinner soon. The attendance has been great and a fun time seems to be had by all. In case you are not aware, volunteers, anchored by Phil Hendricks and Peggy Feakes, now run the bar. It seems like old times, just fun!

In closing, I have a reminder for parents. It is not the Board of Directors responsibility to discipline your children or your dogs. That is your responsibility and yours alone. Please be aware of the rules of the club and the responsibilities of parents regarding those rules. We love having the youngsters active in the various activities available at the club, but they must try to be good, responsible citizens, just as we adults must be. If they get outside of the rules of good behavior, the Board will hold the parents responsible, not the children and the dogs.

I look forward to seeing you all at the club and on the water this year.

*Enjoy,
Debbie Walker
Commodore*

HARBOR & FACILITIES

Present: Bob Hurst, Larry Hawkins, James Kelly, Pete Roberts, Shawn Hester, Mark Almquist,
 Guests: Debbie Walker, Sue Nassoij

Les Schoolcraft was elected as the chairman of the H&F committee for the year. Les is aware of the capital improvements that will need to be accomplished this year. Our three main projects for 2003 are:

1. To repair dry rot on the Club House and to install a new roof. (Spring)
2. To expedite the D dock head walk replacement. (Early to mid summer)
3. Placement of Rip Rap along the harbors edge (Fall)

The H&F committee has chosen to have sub committees do the research and planning for the projects planned for this year, following the suggestion made by Les. The committee feels that this will take most of the pressure off individuals and best utilize everyone's time and abilities. Our plan is to achieve them in a specific order, carefully research and then present the subcommittees findings at our monthly meeting. An additional benefit of the sub committees will be to allow the committee to meet with vendors or contractors during the normal business hours.

Several members have volunteered their time to help with some minor maintenance items. A big thanks goes out to Pete Roberts and Shawn Hester for their construction help around our facilities.

On January 9th the Club House was closed due to a water main break on Purrfect Point. Unfortunately the water valve for that area also shut off water to the Club House. Since then all has been restored to normal. The board of directors decided to replace the 40 year old galvanized pipe under the concrete where it broke. The H&F committee also made the recommendation to the board to close the restrooms on Purrfect Point because they are still on a septic system. These restrooms were supposed to have been abandoned when we hooked up to the city sewer system. After a discussion, the board approved the committee's recommendation. The committee will research putting a mobile restroom facility in at the point. Some mobile facilities are available which would be nicer than portable toilets.

In closing, please feel free to contact me or any other committee member if you notice something in need of attention around our facilities. Creative ideas and constructive criticism are always welcome. It helps all of us on the committee and the board to hear things first hand. We can then answer questions directly rather than trying to put out the fires after rumors are started and blown out of proportion

Respectfully, Chris

The 2003 Stockton Sailing Club Annual Crab Feed

From the Farley's Galley

Hi cruisers! My intention is to submit a quick and simple recipe each month for your weekend or longer cruises so you will spend less time in the galley and more time doing the things you like to do while out on the water.

Curried Chicken Pilaf

- 1 1/2 Cups Rice (Uncooked)
- 1/4 Cup Butter
- 1/4 Cup Onion, Diced
- 2 Cans (5 oz.) Boned Chicken
- 2 teaspoons Curry Powder
- 1/4 teaspoon Ginger
- 2 Tablespoons Raisins
- Salt and Pepper to taste

Melt butter in skillet. Add rice and onion and cook until lightly browned. Add remaining ingredients and 3 cups of water. Bring to a boil, cover, reduce heat to a simmer and cook till rice is done. Fluff with a fork and serve immediately.

In a stew, Harold Farley

P.S. Casual cruises will start in March

Photo Night Friday, Feb 7th.

Do you have old or new pictures of club activities? It would be terrific to add to our club archives.

Why not bring these pictures to the club where we will have fun organizing them and putting them in a memory book. We can even scan and duplicate your picture so you can take it back home.

ADVENTURES IN PARADISE

The GPS that Could.

For the last several months an ad has been running in the infamous *Dock Talk*. The ad was concerning a found piece of valuable electronic equipment that no sailor would begin perilous journey without.

It seems that a rather fiscally conservative sailor had discovered this expensive apparatus hidden in secret and secure location somewhere on the premises of the Stockton Sailing Club. The gentleman immediately recognized the value of the device. He was torn about what to do. He knew he could utilize the expensive instrument himself on his coming adventures (with this sailor, any voyage is an adventure) but rightful the owner would surely miss the obviously misplaced gadget and would anxiously want to retrieve the contraption. Having the honest soul that almost all sailors have, our hero turned in the valuable electronic equipment the office.

Most sailors have little use for items that do not perform to the highest standards. After several unsuccessfully attempts to operate an intricate instrument a different sailor became frustrated. He felt that he was not operating the piece of equipment properly. So as many sailors do when they run in technical difficulties this sailor asked a buddy what different operating system he should utilize so this device would function properly. This discourse originally occurred on the dock. After several attempts (also unsuccessfully) to make the unit function the discussion moved to an area of the club where one can partake of adult beverages. After much discussion and more than a few games of chance an executive management decision was made that unit was not able to perform to the desired level and that disposal was the only reasonable course of action. On the start of the next voyage the owner of the unit found himself holding the instrument and was considering what disposal method he should utilize. He decided to consign it to Davey Jones locker and did so with much enthusiasm (after removing the batteries). So much enthusiasm in fact, that the unit landed in the secret and secure location somewhere on the premises of the Stockton Sailing Club.

PCISA NORCAL #5 REGATTA

The Pacific Coast Interscholastic Sailing Association (PCISA) sponsors high school sailing in California and Hawaii. PCISA is a member of the Interscholastic Sailing Association (ISSA).

The PCISA NorCal #5 High School Regatta will be on March 8-9 from 10AM-4PM each day. We expect 20 to 30 teams. The races are sailed in Club Flying Juniors. The event is not open to individuals. It is open to teams representing PCISA member schools. The local team represents Lincoln High School.

We are looking for volunteers to help with running the races, scoring, food services, and logistics. There is a sign up sheet in the clubhouse. The event is being organized by myself and Gary Frush. Volunteers can also contact me. More information about high school sailing and PCISA can be found at: <http://www.pcisa.org/>

Thanks, Jim

SOCIAL & CRUISE

We have lots of exciting events planned for the coming year. We've had our first committee meeting and things are off to a good start. For February we have the Sweetheart Cruise to Village West Marina on the 8th & 9th. There's an \$8 charge per boat per night. On Saturday we'll have an Hor'd'erves Contest, Raffle and Games. Than dinner will be at the Village West Yacht Club, *choice of Salmon or Chicken*, for \$15.00 per person. Please sign-up in the club. On the 22nd we have the annual Crab Feed featuring the culinary talents of the Half-Ton Cooking Club and our Juniors as the wait-staff. As of this time, the Crab Feed is full, but we have a waiting list in the club house. Then on Sunday the 23rd, Fred Hess is having his 60th Birthday Party, in which everyone is invited. There will be a DJ, Dancing, Karaoke and Great International Food. So please come out and help Fred celebrate! The party starts at 4:00 pm.

PSICA NorCal #5
Volunteers Needed!

The PCISA NorCal #5 High School Regatta will be on March 8-9.

We expect 20 to 30 teams. The event is not open to individuals.

We are looking for volunteers to help with running the races, scoring, food services, and logistics.

There is a sign up sheet in the clubhouse. Or call Jim Hachman.

HOUSE COMMITTEE

Hi, just a few notes to report that the clubhouse operation is going very smooth with volunteer help and no paid staff. A big thanks to all of our volunteers, a number that is increasing each week. Please pass on any comment, suggestion for improvement or just how you feel about things to Phil Hendrix or Peggy Feakes on any part of the clubhouse operation. The House Committee has met for the first time and promptly recommended to the board that no top shelf be offered at the bar so that inventory items could be kept at a minimum. Also the committee recommended that an ounce and a half be the club's "official pour" of liquor and that information be passed on to the membership. The board passed both recommendations. If you would like to come to a committee meeting please do, they will be held the Thursday before the board meeting of each month, so come on down and share your knowledge. Kathryn Perry recommended a new vacuum sealer for the galley so that perishables could be sealed and kept in first class condition. The sealer has been purchased and is ready for member use. There are some new sandwich experiments in the galley so please try one for lunch. They cost a dollar and include tuna, egg, and chicken salad, plus the regulars of cheese, peanut butter and jelly and hot dogs. All of these items are a buck. We still of course have the \$2 hamburger and garden burger. Hope to see you in the clubhouse.

PICYA Delegate Needed

Pacific Inter-Club Yacht Association (PICYA) delegate needed to represent the Club at the monthly meetings. The past several years Wes Walstrom has served as are delegate as well as serving as the commodore of PICYA. Thank you Wes! Wes will still attend the meetings, but we can have another delegate. According to PICYA, the desirable qualifications for a PICYA delegate are the following:

1. A prospective delegate should have significant experience as a volunteer at his/her club
2. A prospective delegate should have had significant experience as a club leader (preferably, as an officer or director)
3. A prospective delegate should have a broad interest in the yacht club community, and a willingness to commit his or her time to promote the interests of boating

For more information you can visit the web site for PICYA (www.picya.org). Interested parties should contact a member of the Board.

Debbie Walker

In our thoughts

Rennie's son, Richard Normandin, called to sadly inform us that Rennie passed away the second weekend of January. He suffered a massive heart attack. His son has asked that we pass the news on to his friends at the Club. His services were held at Wells and Donahue, in Lodi.

Gate Openers are in!

The office now has gate transmitters for the front gate? \$35.00 deposit or, if you are so inclined, you may borrow one so that you may program it's code into your vehicle.

Installation & Awards Dinner

Over 120 members and guests attended the annual Installation and Awards Dinner held at the Stockton Country Club on January 18. A good time was had by all. The dinner was good, the speakers were great (*very humorous*), the dancing was great. We haven't had that great a turn out in years. In addition to the racing awards, the Commodore presented the *Celtic Child Award* to Phil Hendrix, the *Bonnie Mae Wilkerson Award* to Rosalee Schimpf, and the *Sportsmanship Award* to the memory of Lyle Werner. On a humorous note Chris Shepherd presented the *Murph Award* to Peter Hine and Rick Gibson turned over the *Bonehead* to a well-qualified recipient, Terri Dobell.

On the racing side Dave Van Dyke swept the show with Firsts in the majority of the specialty races. But Jerry and Sue Nassoiy clinched the *Boat of the Year Award* from Dave who had won it for 2001. *Race of Champions* was won by Jim Warfield. The *Joan Harp Memorial Outstanding Racing Yachswoman Trophy* went to Karri Shepherd and the *Cass Owings Memorial Crewperson* to Bob Brown.
