

Boat of the Year Calculation

The scoring is based on participation (finishing) in competitive SSC racing events with some weighting for finishing in the top three positions. The Race of Champions does not count as it is not open to everyone.

Scoring is based on the participation of boat in SSC racing events.

Each boat gets one point for each SSC event **that they finish**.

Wednesday Night races do not count. Spring and Fall Races are a series.

Spring Series and Fall Series are scored as single events, your final score for the series, with each boat being scored based on their performance within their fleets.

Delta Ditch Run and South Tower races are also used to determine Boat of the Year.

Additional points are given based on placing in the top three in each event:

1st place	+ 0.5	Total=1.5
2nd place	+ 0.3	Total=1.3
3rd place	+ 0.1	Total=1.1
Finisher	+ 0.0	Total=1.0

The scoring is based on the results of a boat, not the skipper and/or crew.
