Editor's Comments

Hello Members:

One of SSC's best kept secrets is the Stockton Sailing Foundation. Because of the Tax Code the Foundation is a separate organization with it's own Board of Directors. It's new board is giving it a bit more publicity and wants to expand it's capital so it can support more young sailors. Long time SSC member Phil Berolzheimer has issued a challenge to SSC members to raise funds for the Foundation. His family Foundation will donate \$2,000 if SSC members can match it. Call the office at (209) 951-5600 and they can add your contribution to your monthly SSC bill. See Phil and Budes letters on page 3.

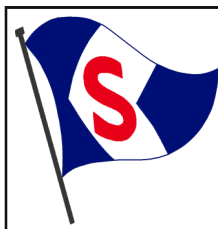

Another way you can contribute is via the Swap Meet on April 10. If you have usable sailing gear you want to part with get it to Budge Humphreys and he will offer it at the Swap meet and the proceeds will go to the Foundation.

Foundation funds may also be used to maintain our fleet of small boats. The Juniors have been busy polishing and repairing them.

Letters to the Editor

Phil Berolzheimer <PhilBero@duraflame.com>

To: Docktalk Editor

Did the sailing club ever get around to forming a 501 (C) 3 non-profit foundation for the Jr. sailing program? In 2008 Peter Hine said a foundation would be established that year and Cecil Harp said it was formed but there was some sort of restriction on making donations. I should think that if it had been formed its existence would be a regular feature in Dock Talk continuously seeking funds. I suspect there would be members, including me, anxious to make contributions to a worthwhile program.

Again, I discussed this with Faye Roberts in 2013 and exchanged emails with Jillian Humphreys in 2016. Now thirteen years later I'm still interested in knowing what you've done. The St. Francis Yacht Club formed a foundation years ago and they have been very successful in raising funds for their programs.

When I joined the club there were about 60 members on the old barge in Buckley cove. Now I hear there might be around 300 members? If each one could make a deductible donation of \$20/year that would give you \$6000 which could be a good starter for the Jr. program.

You might get aa kick out of the attached video. I was associated with the America's Cup in 1987 Golden Gate Challenge, 1995 Young America, 2000-America One, etc

Phil Berolzheimer

To: Budge Humphreys/Docktalk Editor

Budge,

We just had a conversation the result of which is that our family foundation, The Coastal Barrier Island Fdn. Will match up to \$2,000.00 (Two Thousand dollars and no cents) of donations from your 330± members so you will have the potential of raising \$4,000 this year. We'll see what happens and then talk about 2022 later. Anticipating members would easily raise \$2000 within a couple of months (that's only \$6/family member) I can arrange the \$2000 donation within a week of your raising the funds.

Phil

Have You Ever Heard of the Stockton Sailing Foundation?

The Stockton sailing foundation was started by Cecil Harp in honor of his wife Joan. Joan was an avid sailor who spent countless hours sharing her love of sailing with others

The Foundation exists to promote and provide sailing opportunities to the youth of Stockton and San Joaquin County through grants and scholarships.

Your tax deductible donation will help the Stockton Sailing Foundation to further their goal, of providing these opportunities to as many young people as possible.

Donations should be made payable to: Stockton Sailing Foundation.

The Sailing Foundation is an independent 501 (C) 3 Corporation.

For more information or to make a donation contact: William "Budge" Humphreys 209-603-4920 or see our booth at the SSC swap meet on April 10th.

William Humphreys, *Past Commodore*

INTRODUCING NEW MEMBERS- MICHAEL KENNETH & NICOLE DeCUIR

We are glad to welcome Michael & Nicole to the Stockton Sailing Club. They joined in October of 2020. They are excited to participate in the social events of the club and now Michael is getting the racing bug. He went on the first long distance race of the season and fell in love.

They have a Hunter 27 near the end of F dock. The boat

doesn't have a name yet but they think they've settled on "Three Sheets." They also own a 14 foot Lark.

Michael & Nicole, who have been married five years, have six children between them and 2 grandchildren. Their youngest (7) sails and is definitely interested in the junior program. Along with the kids, they have six dogs and four cats.

Michael grew up in the San Jose area. He is a baseball coach for Hoover Tyler Little League. Also He is on the board of directors for the YMCA and the Humane Society. He also enjoys a good game of chess if time allows. Michael is in software sales.

Nicole grew up in Stockton where she attended Brookside Christian school. For many years she was involved with the theater. Now with all the children, grandchildren and animals she focuses on them. In the future she would like to try out sailboat racing as well. Nicole is in the healthcare industry.

When they aren't sailing you might find them wine tasting in Lodi or Amador County. They live close to the club. So they probably will be around a lot.

“LONG TIME” MEMBERS- ANDY AND MARIE GOODMAN

Andy has been a member of SSC since 1995. He and his brother, Noe, were invited out for a junior race clinic and they never left. Marie has been enjoying the club for the last two years. She became a member in October after they were married.

Andy was born into the sport, sitting in a basket under the deck of his parents Pelican. At 13 years old he started sailing at the RYC junior program. Since then he has been involved in several different fleets from El Toros to Santa Cruz 50s. In 2018 he double handed the Pacific Cup and won the prestigious race. He attended the California Maritime Academy to study

Marine engineering. Currently he works as an engineer onboard container ships going from the west coast to Hawaii. He also is on the Board of Directors at the SSC.

Marie grew up in the beautiful city of Montreal, Quebec, Canada. Her primary language is French. She studied Biological Sciences at the Université de Montréal and Environmental Sciences at the Université du Québec à Montréal. Before she made the move to Stockton she was a biology teacher at the CEGEP(which is like Delta College). Teaching and taking care of the environment are important interests to her. She has crewed on FJs, their Mercury and their Express 27. Small boats are more attractive to her as she likes the feeling of being close to the water.

Both Andy and Marie are interested in all aspects that the SSC has to offer. You can find them kayaking up the Calaveras River, camping out on their Express 27, Loose Cannon, racing an FJ on Wednesday nights or maybe having a bbq and drinking a beer on the deck of the clubhouse.

NAUTICAL TRIVIA

EVERYDAY EXPRESSIONS THAT CAME FROM THE LANGUAGE OF SAILORS

AS THE CROW FLIES- when sailors would get lost and looking for a land they would send out a crow from its cage. Crows will head straight toward the nearest shores. The lookout on the vessel would be in the “crows nest” to watch where the crow flew.

CUP OF JOE- In 1914 alcoholic beverages were banned on navy vessels by Joseph Daniels the secretary of the Navy. So the stewards always ordered more coffee. Naval lore has it that the disgruntled sailors tagged the poor substitute as a cup of Joe.

DUNGAREES- before there were official naval uniforms, sailors often made their own clothes from discarded sails. The word dungaree came from the Hindi word “dungri,” meaning cotton cloth. So the original jeans were not blue but tan the color of the sails.

MAKE A TOAST- The phrase traces back to the old waterfront alehouses where a popular drink among sailors was a small piece of toast placed in a mulled wine or hot toddy.

Barrett, Cynthia , *THREE SHEETS TO THE WIND*. Rowman & Littlefield Publishing Group, 2018

Recipe of the Month

Beef

Tomato Beef with Green Peppers

Cantonese

Tomatoes and green peppers combine with beef in a light sauce.

**2/3 lb. beef flank steak or
other tender beef**

Marinade:

**1 teaspoon rice wine or dry sherry
1/2 teaspoon sugar
2 tablespoons soy sauce
1 teaspoon minced fresh ginger root
1/4 teaspoon pepper
1 teaspoon cornstarch
2 tablespoons vegetable oil**

Seasoning sauce:

**1/4 cup chicken broth
1/4 cup water
1 teaspoon cornstarch
1 tablespoon soy sauce
1 teaspoon sesame oil
1 tablespoon sugar
2 tablespoons ketchup
1 cup vegetable oil
10 green onions,
chopped in 1-inch lengths
1 green pepper,
chopped in 1-inch pieces
1 teaspoon salt
1 tomato, chopped in 1-inch pieces**

Use a cleaver to slice beef across grain and at an angle into thin strips. Cut strips 2 inches long. Combine marinade ingredients in a medium bowl. Add beef strips; mix well. Let stand 20 minutes. Combine ingredients for seasoning sauce in a small bowl. Mix well and set aside. Heat oil in a wok over medium heat 1 minute. Stir-fry marinated beef until very lightly browned. Remove beef with a slotted spoon, draining well over wok; set aside. Remove oil from wok except 5 tablespoons. Heat oil remaining in wok over high heat 30 seconds. Stir-fry green onions 30 seconds. Add green pepper and salt. Stir-fry 1 minute. Add tomato and stir-fry 1 minute longer. Add seasoning sauce. Stir-fry until sauce thickens slightly. Add cooked beef. Mix well and serve hot. Makes 4 servings.

This month's recipe, submitted by Past Commodore, Gail Gradle, has as you can see been well used. As you stir-fry the ingredients, it's important to follow the order called for in the recipe. Give it a try.

Wanted

Looking for a small boat like an El Toro for
a 10 year old grandson.
